

A wide-angle photograph of two hikers standing on a rocky cliff edge. The hiker on the left is wearing a green long-sleeved shirt and dark shorts, looking out over a vast landscape. The hiker on the right is wearing a red long-sleeved shirt, dark shorts, and a grey beanie, also looking out. The background shows a coastline with a sandy beach, blue water, and rolling hills under a clear blue sky.

STOCKED STYLES

100% RECYCLED SINCE 2010

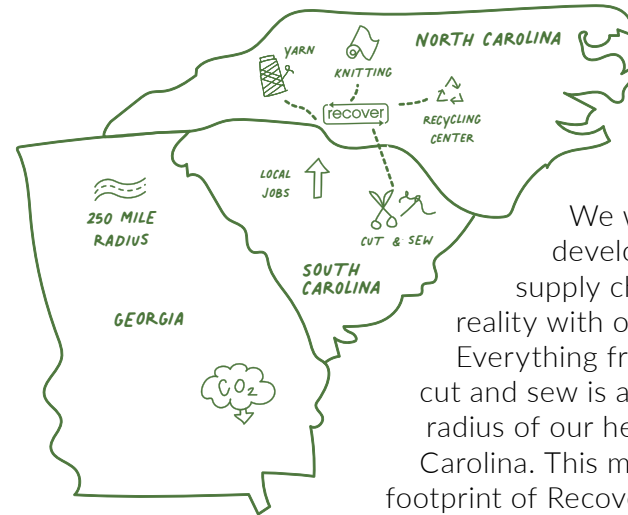

MISSION

Our mission is to create the best, most environmentally friendly and socially responsible products possible, and to educate and inspire those around us to live and work for a sustainable tomorrow.

HYPER-LOCAL SUPPLY CHAINS

We work with partners in the US, El Salvador, and Guatemala. At the end of the day, we believe environmental and social issues are a global responsibility, and we strive to make products in areas that can have the most positive impact.

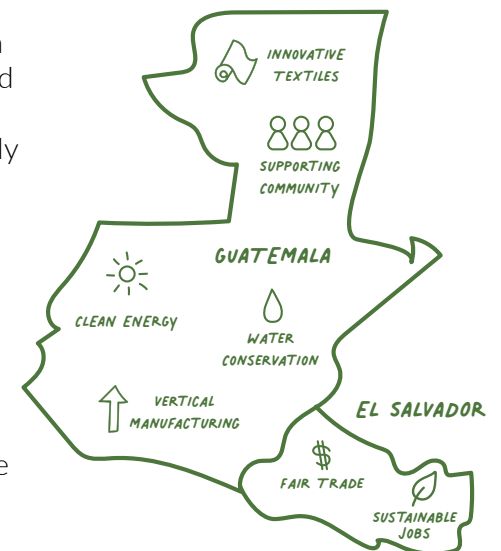

MADE IN USA

We worked long and hard to develop a 100% Made in USA supply chain, and made it a reality with our Recover Classic Tees. Everything from material sourcing to cut and sew is all done within a 250 mile radius of our headquarters in North Carolina. This minimizes the carbon footprint of Recover products, and it also makes them one of a kind - made of 100% recycled materials entirely in the USA.

CENTRAL AMERICA

Our state of the art factory in El Salvador is a fully integrated vertical manufacturing facility where every step of the supply chain is done within a 10 mile radius - from collecting and sorting recycled cotton, to spinning recycled fibers into yarn, to knitting fabric, to sewing a finished garment. By controlling our hyper-local supply chain and having everything under one roof, we are able to offer exceptional quality with quick leads and affordable pricing.

WHOLESALE INFORMATION

We offer Recover branded products as blanks or customized with a minimum of just 24 units.

Blanks: Ship within 48 hours of order approval

Co-Brand: 3 week lead time to ship upon approval.

HOW TO GET STARTED:

1. PRODUCT

Select a product.

2. ARTWORK

Send us your custom artwork to be printed on the garment.

3. APPROVAL

We send you a digital proof for approval.

4. SHIPPING

Once approved, your order ships in 3 weeks.
